THE TIGER EDITOR

MEANN DESMOND

The 81-82 Annual Staff has worked long and hard to produce this annual. We are confident that it will stand through the years as a reminder of the things we did, not to mention the things we weren't supposed to do. We are proud of our accomplishment, and hope you enjoy the ANNUAL.

The "Daffy Dozen" and myself were grateful for the opportunity to serve our class and our school in this manner. After all, if not for this yearbook there would have been 13 wandering "nomads" in the halls during 3rd period each day; well, except for Saturdays, Sundays, holidays, and the occasional in-service day when we took to wandering the streets.

On a more personal note I would like to thank the members of the staff. If not for them, I would not have experienced periodic lapses of mental incapacitation which would account for all the "goof-ups" major or minor. The staff itself is a unique bunch, to say the least. Their mid-morning witticisms have added to overall mirth and merriment of my days, and enabled me to complete my job in a more pleasant and relaxed environment.

Last but not least, the entire staff would like to thank our sponsor, Ms. Rahmlow, for her long hours of dedication and perseverance without which we might have enjoyed ourselves more, but could never have made our "DEADLINES."

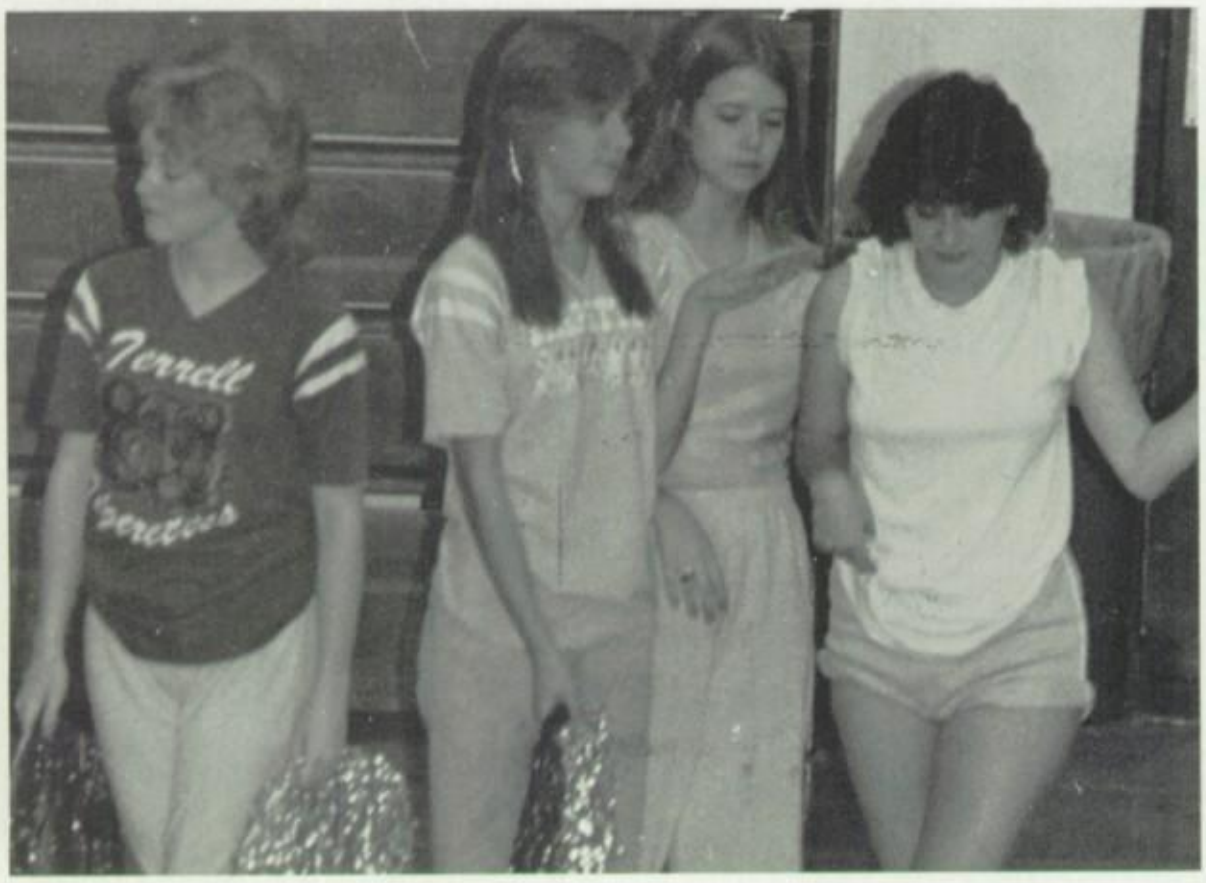
Behind the Scenes



As in life, several activities at THS go unnoticed by most of us. These are the things that escape the eye of the critic or scout, stay just out of the spotlight, or occur after the gang has gone out to celebrate. It's time recognition is given. So here is one big thanks to all those "behind the scenes."

That extra touch . . .

Storer Cable TV has it!

Our people are more than professionals. They're caring craftsmen, in touch with you and your community. They're your neighbors . . . and are dedicated to insuring the best for your community — in service and in programming. They take pride in their work — and we take pride in them!

Storer means more than expanding your world . . .
Storer means enriching it!

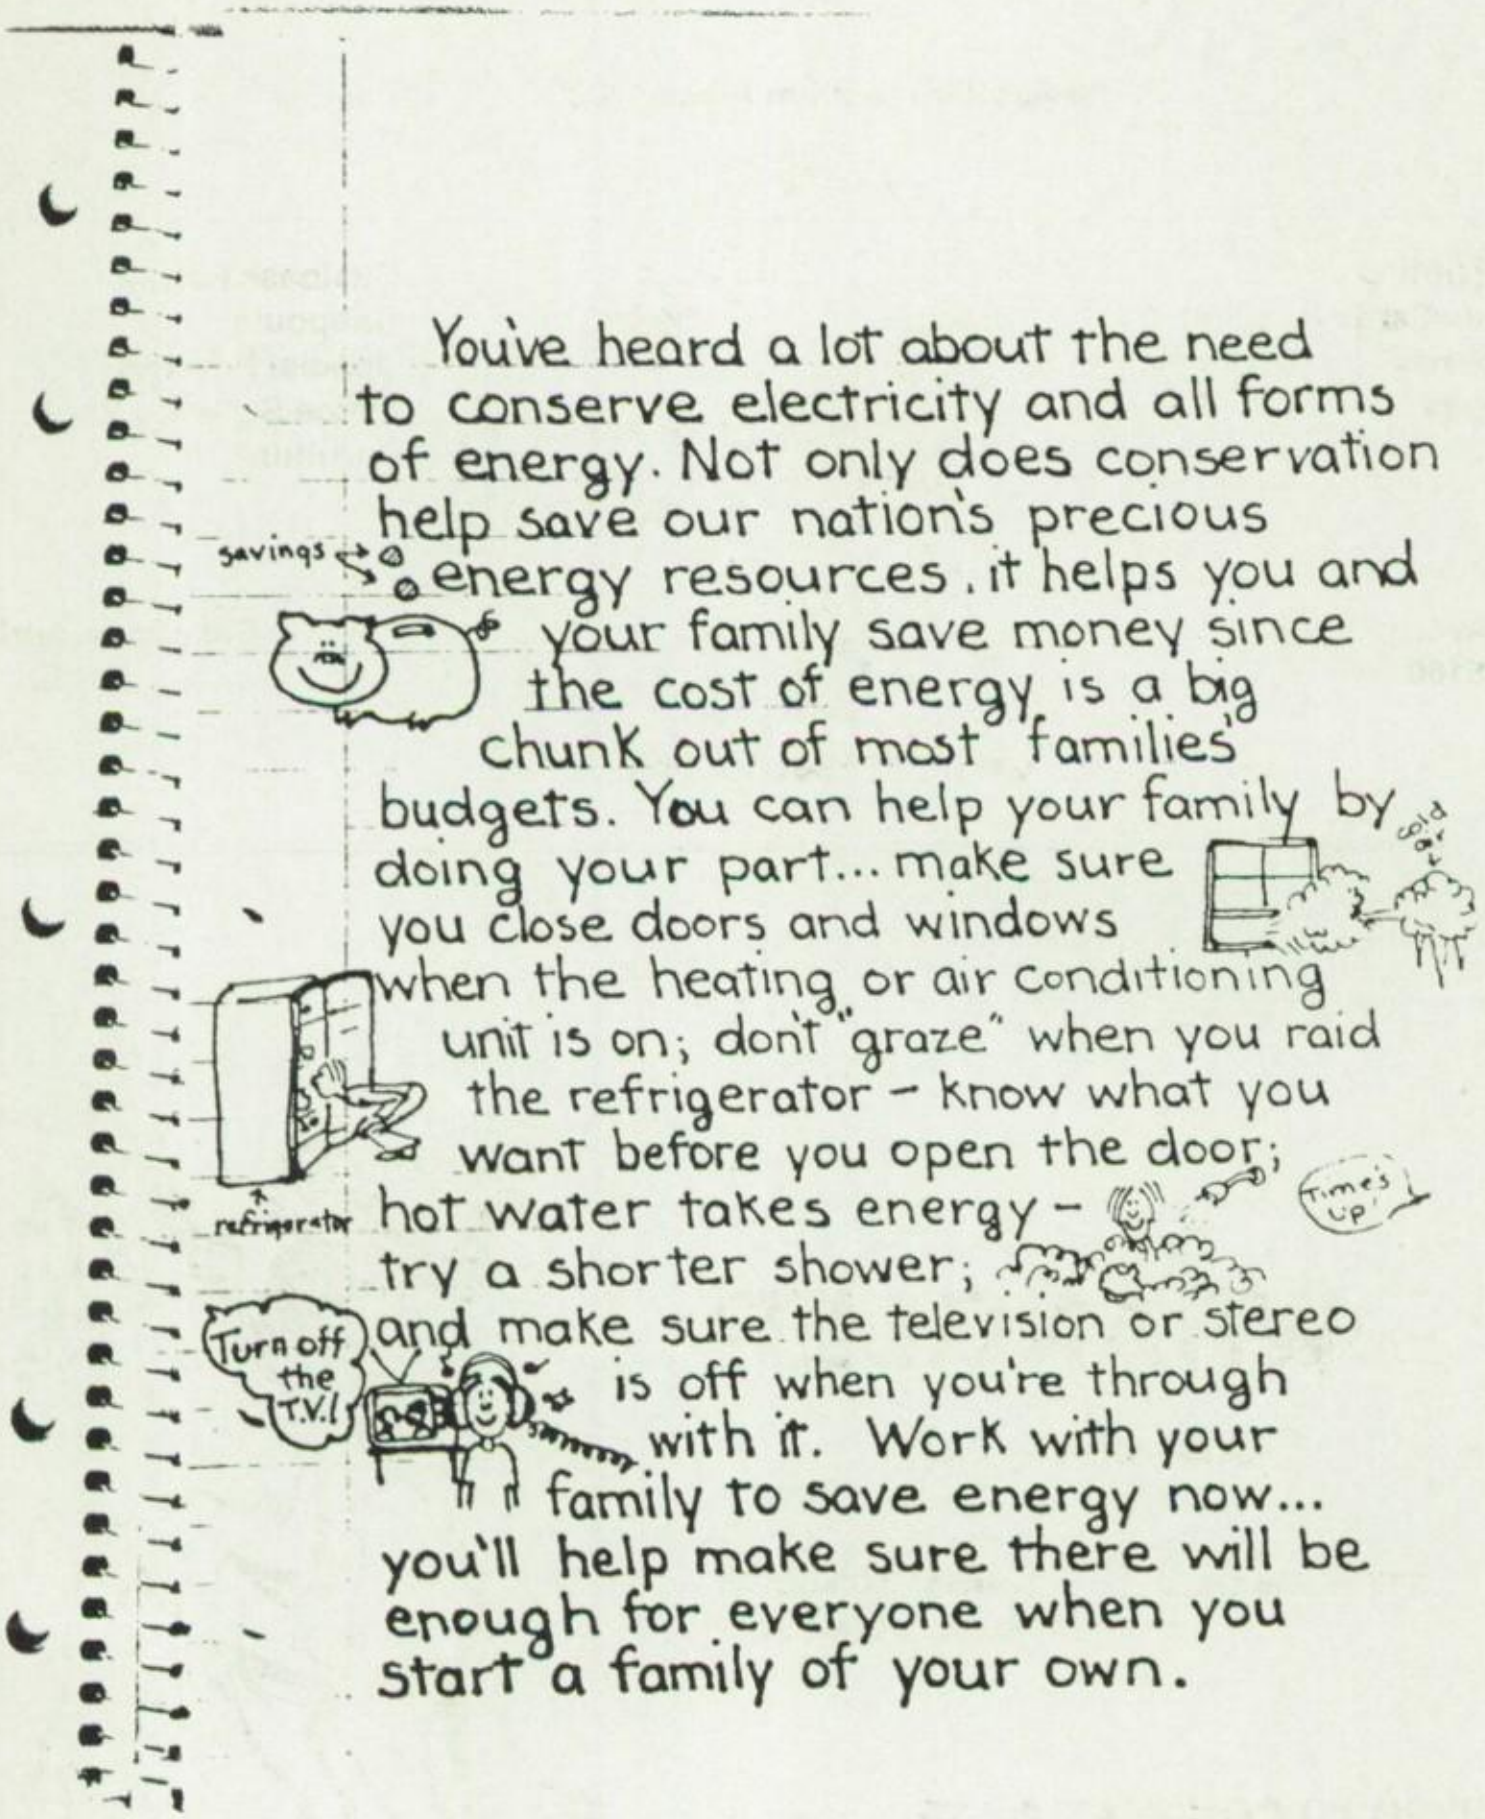
WISH TO CONGRATULATE
THE TERRELL HIGH SCHOOL
GRADUATING CLASS OF 1982

You can help.



You've heard a lot about the need to conserve electricity and all forms of energy. Not only does conservation help save our nation's precious energy resources, it helps you and your family save money since the cost of energy is a big chunk out of most families' budgets. You can help your family by doing your part... make sure you close doors and windows when the heating or air conditioning unit is on; don't "graze" when you raid the refrigerator - know what you want before you open the door; hot water takes energy - try a shorter shower; and make sure the television or stereo is off when you're through with it. Work with your family to save energy now... you'll help make sure there will be enough for everyone when you start a family of your own.
